

Pigs Unlimited Launchers and Receivers

>>make enquiry

Launchers and receivers allow for a safer and more practical method for launching and receiving pipeline pigs. Units are available for sale or rent. Sale units are manufactured to customer specifications with options including carbon-steel, stainless-steel, fiberglass, or polyethylene construction; flanged or weld-end mating; flange-to-flange or closure (threaded or quick-opening yoke); flanged or thread-o-let connections; pressure ratings from ANSI class 150 to 2500; ASME code stamp; manual or automated operation; included pig detector; skid mounting; launching/receiving tray with jib crane and hoist; complete system including all valves and other accessories for turn-key installation; varying lengths for accommodating various pigs and pigging procedures.
